CRAFTED FROM CURIOSITY

Our story begins in 1843 with farmer William Matheson who, with his wife, Anne, set about building a distillery in the Scottish Highlands. Selling their whisky for mere shillings per gallon, the venture may have started small, its location remote, but the Mathesons' vision was extraordinary.

They were laying the foundations of what would become one of the most famous Scotch whisky distilleries in the world. Matheson's whisky was named after the peaceful land he loved. In Gaelic, the ancient language of Scotland, 'Glenmorangie' means 'Valley of Tranquility'. By virtue of the way it is made, all whisky is inherently linked to the land, but Glenmorangie is perhaps rooted more deeply than any other, being tightly woven into the long, rich history of our native Ross-shire.
